Harold,

Here is a copy of a memo which I sent to every member of HSCA. Will they read it? Who knows. We have to try.

I would like to know the details of the matter of discrepancies in the weight and/or numbering of fragments given Dr. Guinn. Do you have anything detailed on this? What about Dodd's questioning of Blakey the other day about fragments from the limousine which did not spectrographically match? Blakey never gave him an answer, you know.

There is no charge for the JFK slides or the pictures on the MLK shooting. But do you happen to have an old copy of OSWALD IN NEW ORLEANS around? I would appreciate one (in any condition). Can't find a copy anywhere.
